

## MOTIP Chain Spray Sport

Ord.-no.: 000271, 000292

### Technical Information

Lubricate the chain and sprockets of your race, mountain or cross bike with MOTIP Chain Spray Sport. The lubricant maintains the lubricating effect of your bike's chain and gear wheels. Chain Spray Sport is a (dry) lubricant with ceramic particles to treat chains and sprockets of bikes. Chain Spray Sport is most suitable in dry conditions and has the advantage that it repels dirt. Chain Spray Sport is water-repellent, prevents wear and is resistant to all weather conditions. In wet weather conditions, we recommend Chain Spray Ultra.

#### Quality & properties

- Very low friction factor for minimal resistance
- Outstanding lubricating properties at heavy load
- Contains ceramic particles
- Prevents wear
- Reduces the adhesion of dirt
- Resistant to weather influences
- Water-repellent
- Directed jetspray
- 360° valve

#### Physical & chemical data

- Base: Synthetic oil with ceramic particles
- Colourname: transparent white
- Smell: Characteristic
- Surfaces: Chain and gear wheels (Bike)
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Vapour pressure: 3500/20 bar
- Relative density: 0.88 g/ml
- Storage stability:
  - ◊ 1.5 y
  - ◊ 10 y
- Content:
  - ◊ 400 ML
  - ◊ 200 ML

#### How to use

- Before use, carefully read the directions on the packaging and act accordingly
- The aerosol should have room temperature
- Best processing temperature 5 to 30°C
- Before use, shake the aerosol
- Clean the chain and the gear wheels. Apply the chain spray in two thin layers.
- For an optimum result, slowly rotate the chain after treatment.

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

**As of August 17, 2022** – This release replaces all eventually earlier issued versions.
